

2023 Instructor Submission Guidelines

The 34th Annual Continuing Challenge
HazMat Emergency Response Workshop
September 5 – 8, 2023, Sacramento, California

The Continuing Challenge Committee is seeking course proposals from instructors on new ideas and practical solutions to the toughest challenges facing today's HazMat response teams. This is an opportunity to present innovative solutions, experiences, and advancements in hazardous materials response to the emergency response community.

The following is a list of course content that is of particular interest to workshop students:

- Basic HazMat emergency response
- Advanced courses
- Industry specific such as chlorine, ammonia, propane
- Alternative fuels
- Radiological
- Monitoring/detecting/testing
- Responder health and safety
- Environmental and Community Impacts of HazMat Emergencies
- Professional skills in leadership and communication
- Weapons of Mass Destruction/ Explosives/Hazardous Devices
- Behavioral health awareness for all, PTSD
- Fentanyl and other Designer Drugs
- Lithium Batteries and their problems
- Emergency and Disaster Management
- Infectious Diseases and HazMat Response Community

Classes may be presented in lecture or panel discussion format and should include user-friendly and applicable tips and tricks that students can bring back to their respective organizations to implement. **Students enjoy instruction that includes exercises, hands-on activities, and case studies.**

Submission deadline: February 15, of each year (Midnight, Pacific Standard Time).

Courses presented are 8, 4, or 2 hours long. 8-hour classes are held on Tuesday only.

Courses may include specific product and company information provided the presenter includes a demonstration of the product and the course includes the science, chemistry, etc. of the product.

Submission Specifications

1. Submissions will ONLY be accepted online. If you have questions, please contact The Continuing Challenge at (916) 433-1688.
2. Submission of a proposal does not guarantee participation in the Continuing Challenge HazMat Emergency Response Workshop.
